

# Environmental Policy and Sustainability.

GPTEC Industria has environmental preservation as one of its objectives and defines its guidelines:

- ✓ Search for Sustainability in the use of natural resources;
- ✓ Respect for the environment and environmental preservation on the factory ground, through the cultivation and maintenance of green areas;
- ✓ Compliance and application of the laws applicable to Environmental Management.
- ✓ Supplier qualification based also on environmental concern;
- ✓ Waste disposal, reuse and rational use of environmental resources, where applicable.
- ✓ Constant training and awareness of employees, partners and community for environmental preservation and waste reduction.
